Depth of Oral Language

- 1.
- 2.
- 3.
- 4.

tip

1.	
2.	
3.	
4.	
5.	
6.	
7.	
8.	

well

- Noun
- Verb
- Adjective
- Adverb
- Interjection

glitch	hitch	trial	tribulation	dilemma
catastrophe	disaster	annoyance	tragedy	irritation
calamity	hassle	blip	breakdown	nuisance
misfortune	blow	displeasure	snag	hiccup

Naming

1. Choose a topic.
2. Students rapidly name things related to the chosen topic.
3. Students rapidly name things related to the topic by categories.
4. Students rank words.
5. Students generate multiple meanings.

Ranking

- Increases world knowledge
- Helps students understand figurative language
- Helps students make precise word choices
- Helps students understand word connotations

Describing

- Choose two or three objects or pictures of objects that are related to the topic (i.e., clothing, transportation).
- Students describe.
 - Name the object.
 - Name categories the object belongs in.
 - Name the functions of the object.
 - Name its color, size, shape. Compare it to another object. Use a simile or a metaphor.

Sentence Frames

- **Compare:**

Both the _____ and the _____ are/have

_____.

The _____ and the _____ are similar because

_____.

Sentence Frames

- **Contrast:**

The ____ is/has but the ____ is/has ____.

The ____ and the ____ are different
because ____.

Sentence Frames

- **Sequence:**

First ____ (this happens), then ____ (this
happens) and finally ____ (this happens).

Sentence Frames

- **Predict:**

I think ____ (this will happen).

I think ____ (who) will ____ (do what).

- **Draw conclusions:**

If ____ (this happens), then ____ (this will
happen).

Questions to ask yourself:

- What am I asking students to do with language today?
- How will I structure opportunities for the students to use these new forms?

Sensory Supports

- Real-life objects
- Manipulatives
- Pictures & photographs
- Illustrations, diagrams, & drawings
- Magazines & newspapers
- Physical activities
- Videos & films
- Broadcasts
- Models & figures

Graphic Supports

- Charts
- Graphic organizers
- Tables
- Graphs
- Timelines
- Number lines

Retelling

1. Read a passage.
2. Display summary pictures that mark the actions, events, or key points.
3. After students listen to the passage, students generate interesting words they heard.
4. Students take turns retelling the passage, using the pictures as prompts.

Cars have been seen in a hundred years.

100

Cars been pulled by wagons, carts, and horses.

Cars are a lot of money and they're not available and you can't even afford one.

It will take lots of time for a car, like one hour.

A man had made up an idea, an assembly line.

And you put one piece part together.

1

And time takes less to buy a car of making.

Cars can cost less. Cars just need gas and energy and you drive like a hundred miles.
